

Grand Ledge City Council

REGULAR MEETING AGENDA
MONDAY, 09 MARCH 2026 – 7:00 P.M.
COUNCIL CHAMBERS, CITY HALL
310 GREENWOOD ST., GRAND LEDGE MI 48837

- I. ROLL CALL OF CITY COUNCIL** – Mayor Keith Mulder; Mayor Pro-Tem Rick Lantz; and Council Members Brett Gillespie, Tom Jancek, Dave Logel, Lynne MacDowell, and Don Willems

- II. PLEDGE OF ALLEGIANCE** – Any person(s) attending may participate in reciting the Pledge of Allegiance to the American Flag. The Mayor may choose to designate, with their consent, a Council Member or a person attending to lead the Pledge of Allegiance. The City Council shall not require any Council Member(s) or person(s) attending to recite the Pledge of Allegiance.

- III. AUDIENCE PARTICIPATION** – Any person(s) attending may comment on any subject. All presentations before the City Council shall be limited to five minutes per individual presentation. The Rules of City Council prohibit the City Council from debating or discussing issues with the public. The City Council requests county, state, and federal elected or appointed government officials address the City Council during Item VI, to allow for interaction.

- IV. APPROVAL OF CONSENT AGENDA** – The City Council approves items listed on the consent agenda by a single roll call vote without debate. If any Council Member desires to debate any item listed on the consent agenda, they may remove the item and place it on the regular agenda for consideration in due order.
 - A. Motion** – To approve the Monday, 09 March 2026 City Council consent agenda, as follows:
 - i. Financial transactions and bills.
 - ii. Monday, 23 February 2026 City Council minutes.

- V. REGULAR AGENDA** – The City Council may remove any item from or add any item to the regular agenda or approve the agenda without changes.
 - A. Motion** – To approve the Monday, 09 March 2026 regular City Council agenda.

VI. COMMITTEE AND BOARD REPORTS – Council Members and staff may report on discussions and actions of committees and boards. The City Council invites county, state, and federal elected or appointed government officials to address the City Council at this time, to allow for interaction.

Abrams Municipal Airport Advisory Commission

Parks and Recreation Commission

Planning Commission

VII. STAFF REPORTS – The City Council may receive reports from various department heads.

Manager's Office

Community Development Office

Department of Public Services

Assessing Department

Building Department

A. Motion – To receive and place on file the February 2026 staff reports from the Manager's Office, Community Development Office, Department of Public Services, Assessing Department, and Building Department.

VIII. UNFINISHED BUSINESS – The City Council may again debate any item(s) under its authority previously debated but not finally disposed of and may or may not act upon the item(s) as indicated.

A. Resolution – To approve a Five-Year Extension and Amendment of the City Manager Employment Agreement with Adam Smith.

IX. NEW BUSINESS – The City Council may debate any item(s) under its authority not previously debated and may or may not act upon the item(s) as indicated.

A. Motion – To schedule a public hearing for the 23 March 2026 City Council meeting on an application to the Michigan Natural Resources Trust Fund (MNRTF) for the Grand Ledge Ball Park Phase III development project.

B. Resolution – To assert the right of City Council to approve or reject the Master Plan.

C. Motion – To introduce and set a public hearing for the 23 March 2026 City Council meeting on an ordinance repealing City Code, Chapter 16 – Environment, Article VI – Noxious Weeds and replacing it with Article VI – Prohibited Vegetation.

- X. AUDIENCE PARTICIPATION** – Any persons attending may comment on any subject. All presentations before the City Council shall be limited to five minutes per individual presentation. The Rules of City Council prohibit the City Council from debating or discussing issues with the public.
- XI. COMMUNICATIONS FROM THE MAYOR AND COUNCIL** – The Mayor may make appointments and reappointments to boards and committees, may report on subjects referred by Council Members, staff, and residents, and may comment on any subject. Council Members may report on subjects referred by residents and may comment on any subject.
- XII. CLOSED SESSION** – The Open Meetings Act allows the City Council to discuss certain subjects without the presence of the public. The City Council may request a staff member or any other person the City Council determines to be necessary, by a majority of the Council Members present, to attend the Closed Session. Once the Closed Session has ended, the City Council will resume the regular meeting.
- XIII. ADJOURNMENT** – When the City Council has completed all items listed on the approved agenda, the presiding officer may ask for a motion to adjourn the meeting. If the time is significantly late and items remain on the approved agenda, the presiding officer may ask for a motion to adjourn the meeting to another specific date, time, and place at which to resume and complete the approved agenda.

The meeting will be held in person, per the Open Meetings Act, and will also be livestreamed via Zoom for informational purposes only. The public is invited to attend in person to participate and offer comments. Written comments can also be submitted to the City Clerk at 310 Greenwood St., Grand Ledge MI 48837, or cityhall@cityofgrandledge.com.

 Project: 20221119
 Project Name: WWTP Improvements

Work completed since previous ACCOUNT

Construction continues at WWTP with the grit removal tank, sludge processing building, aerobic granular sludge (AGS) tanks, and raw wastewater pump station (RWPS). Work completed this month includes the construction of the tank slab at AGS tank 1, installation of the base layer and underdrains for the AGS tanks 2 and 3. Work also included the diversion chamber bypass pipe and other site utilities.

In March, work will include continuing the construction of the AGS tank base slabs, sludge processing building, and preparation of the site for the tertiary filter construction

HRC has been reviewing shop drawing submittals and reviewing requests for information (RFIs) with RK Davis. As of February 27, 2026, there were 180 shop drawings submittals and 86 RFIs. HRC prepared several field orders:

1. Field Order 18: Modifications to the AGS piping per the manufacturer's final shop drawings and relocation of blower piping for better maintenance access.
2. Field Order 19: Jib crane anchor bolt design finalization per crane manufacturer.

Schedule status; milestone dates as scheduled?

- 3/11/2026 – Progress Meeting 9 and Site Visit by EPA representatives.
- 4/6/2026 – Progress Meeting 10

Impediments and other issues affecting project; Owner assistance to prevent delays

The City has been accommodating with limited site access to the WWTP during construction.

Change requests/additional work requested since previous ACCOUNT, and fee impacts

None at this time.

Tasks being performed and next tasks to be performed

- Continue construction engineering
- Review submittals and RFIs
- Support the City with disbursement requests for the EGLE CWSRF loan.

VI. Committee Reports – Earth Day Subcommittee

Commissioner Marks reported on the Earth Day Subcommittee meeting held prior to the Feb 26 regular meeting. The subcommittee discussed a number of items discussed in the subcommittee meeting. She asked Commissioners to volunteer for activities for Earth Day. The Earth Day Flyer and Passports were discussed by the Commission

VII. Staff Reports

Staff reported that the construction start for the ADA Observation Platform in Jaycee Park is underway and reported on Ballfield Phase II and Phase III. Rich Morrison invited Mayor Mulder to the podium to discuss a replacement picnic shelter/pavilion for Jaycee Park. After discussion, a MOTION TO SUPPORT THE CONSTRUCTION OF A 30'x48' PAVILION AT JAYCEE PARK WAS MADE BY COMMISSIONER KLAVER, SECONDED BY COMMISSIONER KROMBEEN. MOTION CARRIED UNANIMOUSLY.

VIII. Unfinished Business**IX. New Business****A. Master Plan Follow Ups:**

- i- Develop stakeholder list: Commissioners identified groups and organizations to participate in the stakeholder meetings with ROWE. Staff will compile the list and route it to the Commission to identify contacts for the groups/organizations. The list will be forwarded to ROWE..
- ii- Review Master Plan action plan progress: The Commission reviewed the list of projects included in the packet. Staff suggested that Earth Day activities be sent to ROWE as accomplishments as well as the action plan progress document. The Commission noted that funds and capacity were the primary limiting factors for why more action plan progress has not been made. It was also noted that the DDA is a major funder of projects within the DDA district, but that many of the City parks are not in the DDA district.

B. Earth Day 2026

No discussion took place

Assistant City Manager – February Activity Report

Human Resources

- We conducted interviews for the Senior Utility Operator and Utility Operator positions in February. We had a great candidate pool and were able to hire two individuals. Jake Pearson and Kacy Brown joined the Public Services team.
- We advertised for the Assistant Public Works Superintendent in February and will be conducting interviews in the near term.
- We advertised the new Wastewater Treatment Plant Supervisor position and will be conducting interviews in the near term as well.

Airport Management

- Our electricians have completed their due diligence with the taxiway lighting circuit. It seems that there has been a lightning strike. We will most likely pursue an insurance claim due to the extent of the damage.

DDA

- Prepared for and attended the February Downtown Development Authority meeting. Topics of discussion were the ADA observation Platform and the Veteran Banner Program.
- The heater in the public restrooms at Riverview Park became inoperable in the bitter cold of February. Staff had to drain the water and close the building. The contractor was able to fix the issue, and it is operational again.
- The fireplace at Riverview Park stopped working in early February. Parts have been ordered, however, as of this writing, it is still not working.
- The ADA Observation Platform is underway at Jaycee Park.

Building Management

- We worked with Myers to help develop budgetary items for the fiscal year 2027 budget cycle.

Community Development Director –February Activity Report

Building & Planning and Zoning Department Coordination:

- Worked on several code enforcement complaints/issues.
- Assisted in the onboarding of new Zoning Administrator Nick Montry.
- Prepared Planning Commission meeting agenda and packet, which includes several notable items including the draft Capital Improvements Plan, draft Prohibited Vegetation Ordinance to replace the current Noxious Weed Ordinance, and proposed legislation that pre-empts local zoning.

Other:

- Finalized draft Capital Improvements Plan. Submitted the CIP to the Planning Commission for its review and recommendation.
- Submitted an application for grant technical assistance for replacement and upgrade of 118-year-old watermain crossing of the Grand River. The watermain crosses the Grand River between the Front St. water tower and the Island Park parking lot.
- Participated in bi-weekly construction progress meetings for the ADA Observation Platform project in Jaycee Park. Construction is moving forward now at a good pace, after encountering poor soils/fill.
- Assisted the Zoning Administrator with preparation of the Prohibited Vegetation Ordinance.
- Attended the February Parks and Recreation Commission meeting where the Commission voted to support a grant application submittal for Ballfield Phase III and to recommend pursuit of a replacement pavilion at Jaycee Park as presented by Mayor Mulder.
- Participated in Planning/Zoning/CIP budget meeting with the City Manager and Finance Director.
- The bollards were installed at the intersection of Bridge and Jefferson Streets (in front of MacDowell's) on February 19.

February 2026

City of Grand Ledge Department of Public Services – Wastewater Treatment Plant Monthly Activity Report

During this reporting period, the Wastewater Treatment Plant (WWTP) continued to operate effectively and in full compliance with regulatory standards. The facility treated and safely discharged a total of 25.210 million gallons of wastewater to the Grand River. The monthly average flow was 0.900 million gallons per day (MGD), with a peak daily flow of 1.062 MGD.

Effluent Quality Summary

The quality of the effluent discharge met or exceeded all applicable Michigan Department of Environment, Great Lakes, and Energy (EGLE) permit requirements. Notable performance metrics include:

- Biochemical Oxygen Demand (BOD 5-day):
Monthly average: 14 mg/L
EGLE Permit Limit: 25 mg/L
Removal Efficiency: 93%
- Total Suspended Solids (TSS):
Monthly average: 4.8 mg/L
EGLE Permit Limit: 30 mg/L
Removal Efficiency: 96%
- Phosphorus:
Monthly average: 0.8 mg/L
EGLE Permit Limit: 1.0 mg/L
- Fecal Coliform:
Monthly average: 12 count/100mL
EGLE Permit Limit: 200 count/100mL
- Ammonia Nitrogen:
Monthly average: 14.5 mg/L
No discharge limit; monitoring required.
- pH:
Monthly average: 7.6 standard units (SU)

Department of Public Service

February 2026

- Dissolved Oxygen (DO):
Monthly average: 7.1 mg/L
EGLE Minimum Requirement: 4.0 mg/L
- Chlorine Residual:
Monthly average: 0.042 mg/L
EGLE Maximum Limit: 0.038 mg/L

Additional Activities

- Precipitation Monitoring:
As an observation site for the National Weather Service, the plant recorded a total of 0.83 inches of precipitation for the month. The highest single-day rainfall occurred on the 19th, with 0. inches recorded.
- Regulatory Compliance:
The City remained in substantial compliance with its National Pollutant Discharge Elimination System (NPDES) permit during the reporting period. There was one violation for Total Chlorine Residual (TCR), with a reported result of 0.076 mg/L compared to the permit limit of 0.038 mg/L. The exceedance was determined to have been caused by a malfunction of the chlorine analyzer, which has since been identified and corrected. Overall, the quality of the effluent was rated as very good.

Construction Update

Wastewater Treatment Plant Construction Update

Construction at the Wastewater Treatment Plant continued to progress steadily throughout February despite winter weather conditions requiring snow removal and heating of structural components prior to concrete placement.

AGS Tanks

- Concrete base slabs have been poured for both AGS Tanks.
- Mud mats and sub-footings have been completed.
- Reinforcing steel installation and formwork activities are ongoing for remaining structural components.
- Control joints were cut in the newly poured slabs.

Sludge Buffer Tanks

- Concrete walkways have been poured.

Department of Public Service

February 2026

- Form removal and structural progress on tank components continues.

Vortex Structure & RWLS Valve Vault

- Ongoing reinforcing steel and formwork installation for the Vortex Structure.
- Continued work on the RWLS Valve Vault, including lid preparation and mechanical installations.

Diversion Structure

- The 24" diversion pipe has been installed.
- Core drilling and associated piping work have been completed.
- Bypass pumping operations have been successfully completed.

Site Utilities & Headworks Building

- Storm sewer, return lines, and underdrain installations continue.
- Masonry work is progressing within the Headworks Building.

Overall, the project remains on schedule with multiple trades actively working on site and major structural milestones achieved during this reporting period.

City of Grand Ledge

Department of Public Services – Streets Division

Monthly Activity Report

During the reporting period, the Streets Division completed the following activities throughout the City of Grand Ledge in support of safe, clean, and efficient public infrastructure:

- Crews completed pothole patching operations at various locations throughout the City to improve roadway safety and drivability.
- Dead and diseased trees were trimmed or removed as part of routine right-of-way maintenance activities.
- Ongoing maintenance and necessary repairs were performed on all street-related equipment to ensure operational readiness and reliability.
- Regular trash collection services were provided at DDA locations, City Hall, and City parks.
- Routine inspection and maintenance of traffic control and street signs were conducted to maintain visibility and ensure regulatory compliance.
- Cleaning of storm sewer drain sumps and lines continued in accordance with the City's MS4 (Municipal Separate Storm Sewer System) permit requirements.
- Snow and ice removal operations were completed as necessary to maintain safe travel conditions.
- A portion of the Lawson Road Garage was insulated to improve energy efficiency and reduce operating costs.
- A leaking section of roof at the Lawson Road Garage was replaced.
- Two new pressure washers were installed at the Salt Barn to support ongoing fleet maintenance. These units will allow for underbody washing and application of salt neutralizer treatments, helping to prevent rust and extend the service life of City vehicles.

MONTHLY ACTIVITY REPORT DEPARTMENT OF PUBLIC WORKS

February 2026

The distribution system treated 17.491 million gallons of water pumped during February. The average daily production was 0.625 million gallons. The maximum daily volume was 0.684 million gallons, while the minimum was 0.543 million.

Water was treated with 421.80 pounds of chlorine gas, resulting in an average free chlorine residual of 0.99 parts per million (ppm) and a total chlorine residual of 1.25 ppm. During the month, 54.86 lbs. of fluoride were also added. The average measured fluoride concentration in the water system was 0.63 ppm. 200.00 lbs. of phosphate for corrosion control were added, with an average residual of 1.66 ppm.

Staff collected sixteen routine water samples from the distribution system and twelve additional samples from the Iron Removal Plant construction project. All samples were negative.

Public Well 11 Progress

On January 22, 2026, the City of Grand Ledge solicited bids for the construction of Public Well #11 Pumphouse. The low bidder was disqualified because the bid was incomplete. Bids were opened on February 17, 2026, and six (6) bids were received.

The Engineer's Probable Cost Estimate for the project was \$590,658.00. All bids far exceeded the probable cost estimate. The lowest responsive bid was approximately 29% (\$759,000.00) above the engineer's estimate, while the highest bid was more than 58% (\$935,000.00) above the estimated cost.

The project was rebid per City councils' decision and placed out to bid on February 27, 2026. Bids will be accepted until the closing date of March 18, 2026, at 3:00 PM.

Re: City Manager Employment Agreement Amendment & Extension

The City Council Human Resources Committee met on December 2, 2025, to discuss correlating city manager merit incentives and an employment agreement extension following his recent annual performance evaluation which overall exceeded expectations. The Committee hereby recommends the city manager's employment agreement being extended until June 30, 2031. The Committee further recommends an additional 120 days of severance should termination occur without misconduct; continuation of a 2.5% base salary signing bonus annually on July 1; an additional employer retirement contribution of 3% which requires an additional employee match of 3%; and at age 55, employee and his dependents shall be entitled to retire healthcare benefits at the same level as provided to all other full-time employees hired prior to July 1, 2016, in which employee is responsible for 50% of premium costs and employer is responsible for 50% of premium costs.

Grand Ledge City Council Resolution # _____ of 2026

**A Resolution to Approve a Five-Year Extension and Amendment of
the City Manager Employment Agreement with Adam Smith.**

A resolution adopted by the Grand Ledge City Council, at a regular meeting held on Monday, 09 March 2026, in the Council Chambers, City Hall, 310 Greenwood St., Grand Ledge MI 48837, in compliance with the Open Meetings Act, as amended.

Whereas, the City of Grand Ledge, Michigan (“City”) is a municipal corporation organized under the provisions of the Home Rule City Act, Public Act 279 of 1909, as amended, and is governed by the provisions of the Grand Ledge City Charter adopted 07 August 2018, as amended (“Charter”); and

Whereas, Charter §13.1A provides:

“The power to make and to authorize the making of contracts on behalf of the City is vested in the City Council and shall be exercised in accordance with the provisions of law”; and

Whereas, the City desires a five-year extension and amendment of the City Manager employment agreement with Adam Smith;

Now, Therefore, It Is Resolved:

1. The City approves a five-year extension and amendment of the City Manager Employment Agreement with Adam Smith, as attached.
2. The City directs the Finance Director / Treasurer to appropriate the funds necessary to implement said agreement.
3. The City authorizes and directs the City Clerk, or their duly authorized agent or representative, to act as agent on behalf of the City to implement said extension and amendment on behalf of the City; to do any other act(s) or thing(s) which shall be necessary to implement said extension and amendment on behalf of the City; to preserve and protect the rights, duties, and obligations of the City thereunder; and to do any act or thing required by Charter, ordinance, regulation, rule, statute, or other provision of law in order to implement said extension and amendment.

RE: Michigan Natural Resources Trust Fund – Public Hearing for the Grand Ledge Ball Park - Phase III Project

The city is preparing to submit an application to the Michigan Natural Resources Trust Fund (MNRTF) for the Grand Ledge Ball Park Phase III development project. Phase III notes the final field of the ball park design and includes the development of a 9U to 13U youth baseball and 9U to adult softball field to complement Phase I (13U/14U and up baseball) field and Phase II (9U to 12U baseball/9U to adult softball) field that is currently being designed for construction later this year. The Phase III project will include ADA-compliant amenities, such as viewing access to the new field, connecting sidewalks, and a drinking fountain/water bottle filling station, in addition to a stormwater treatment swale with native plantings.

The development of Phase III is estimated not to exceed ~~\$500,000~~ **\$587,827**. The maximum MNRTF grant is \$400,000. The City Council approved matching funds of \$89,800 for Phase I and \$125,000 for Phase II (estimated project cost of \$495,500 with an MNRTF grant of \$346,500). The MNRTF requires a recommended match of 30%.

At the February 26, 2026, Parks and Recreation Commission meeting, a motion to support the submission of a grant application for Phase III of the ball park project was carried unanimously.

Staff recommends that the City Council support the Phase III project with project matching funds not to exceed ~~\$150,000~~ **\$187,832**, ~~30%~~ **31%** of the estimated total project costs. As an MNRTF requirement, the city is required to hold a public hearing and adopt a resolution of support, noting the matching funds.

Staff recommends the following next steps to support this project:

- **City Council Meeting, March 9, 2026** – Schedule a Public Hearing for the March 23, 2026, City Council meeting.
- **City Council Meeting, March 23, 2026** – Hold a Public Hearing and provide a resolution supporting the submission of the MNRTF application and noting the matching funds.

MNRTF Deadlines

- April 1, 2026– Grant application is due (Actual).
- December 2026 – MNRTF Board recommendations for funding (Anticipated).
- Late 2027 – Project grant agreements are issued (Anticipated).
- Late 2028 – Phase III construction completed (Anticipated).

VIII. Unfinished Business**IX. New Business****A. Master Plan Follow Ups:**

- i- Develop stakeholder list: Commissioners identified groups and organizations to participate in the stakeholder meetings with ROWE. Staff will compile the list and route it to the Commission to identify contacts for the groups/organizations. The list will be forwarded to ROWE..
- ii- Review Master Plan action plan progress: The Commission reviewed the list of projects included in the packet. Staff suggested that Earth Day activities be sent to ROWE as accomplishments as well as the action plan progress document. The Commission noted that funds and capacity were the primary limiting factors for why more action plan progress has not been made. It was also noted that the DDA is a major funder of projects within the DDA district, but that many of the city parks are not in the DDA district.

RE: Master Plan Approval

DATE: March 6, 2026

BACKGROUND

Past practice of City Council has been to endorse or support the Planning Commission's approval/adoption of the Master Plan. Public Act 33 of 2008 modified the method by which City Council may formally approve or reject the Master Plan following Planning Commission adoption. Council is required to pass a resolution to assert "...the right to approve or reject the master plan" – MCL Section 125.3843 (3).

Staff believes Council action to approve the Master Plan is important as it shows that the Planning Commission and City Council are in alignment on future growth in the City and Cooperative Development Agreement Areas.

At its meeting of March 5, 2026 the Planning Commission passed the following motion: **"I move that the Planning Commission request City Council to pass a resolution as required by PA 33 of 2008 to assert its right to approve or reject the Master Plan"**. The vote on the motion was unanimous.

RECOMMENDATION:

The Planning Commission and Staff recommends that City Council pass a resolution as required by PA 33 of 2008 to approve or reject the Master Plan.

CITY COUNCIL ACTION:

Consider adopting the attached resolution as required by PA 33 of 2008 to allow City Council to approve or reject the Master Plan.

Grand Ledge City Council Resolution # _____ of 2026

**A Resolution to Assert the Right of City Council to Approve or Reject
the Master Plan.**

A resolution adopted by the Grand Ledge City Council, at a regular meeting held on Monday, 09 March 2026, in the Council Chambers, City Hall, 310 Greenwood St., Grand Ledge MI 48837, in compliance with the Open Meetings Act, as amended.

Whereas, the City of Grand Ledge, Michigan (“City”) is a municipal corporation organized under the provisions of the Home Rule City Act, Public Act 279 of 1909, as amended, and is governed by the provisions of the Grand Ledge City Charter adopted 07 August 2018, as amended (“Charter”); and

Whereas, Public Act 33 of 2008, the Michigan Planning Enabling Act, modified the method by which the City Council may formally approve or reject the Master Plan following Planning Commission adoption; and

Whereas, The Michigan Planning Enabling Act requires the City Council pass a resolution to assert “...the right to approve or reject the master plan.” (MCL 125.3843(3)).

Now, Therefore, It Is Resolved:

1. The City Council asserts its right to approve or reject the Master Plan, per Public Act 33 of 2008, the Michigan Planning Enabling Act (MCL 125.3843(3)).

RE: Master Plan adoption – PA 33 of 2008

DATE: January 27, 2026

BACKGROUND:

It has been customary in Grand Ledge for the City Council to endorse or support the Master Plan. Public Act 33 of 2008 (MCL Section 125.3843(3)) requires the legislative body (City Council) to pass a resolution if it wishes to approve or reject the Master Plan. PA 33 of 2008 is attached for your information.

In my view, having the City Council approve the Master Plan following the Planning Commission's approval is very beneficial. At the most basic level, City Council approval of the Master Plan demonstrates that the Planning Commission and City Council are in general alignment, and that developers, business owners, and residents can reasonably expect that land use decisions made by the Planning Commission and City Council will be in general conformance with the Master Plan.

Assuming that the resolution is approved by City Council, the approval/adoption of the Master Plan will occur essentially as it did for the 2018 Master Plan. Staff is projecting that to occur in the June-July timeframe.

RECOMMENDATION:

I am recommending that the Planning Commission take an unrequired action to request that City Council pass a resolution as required by PA 33 of 2008 to preserve its right to approve or reject the proposed Master Plan. I believe that this action confirms the solid working relationship that the Planning Commission and City Council has developed.

PLANNING COMMISSION ACTION:

Consider the following motion:

I move that the Planning Commission request City Council to pass a resolution as required by PA 33 of 2008 to assert its right to approve or reject the Master Plan.

Act 33 of 2008

125.3843 Proposed master plan; public hearing; notice; approval by resolution of planning commission; statement; submission of copy of master plan to legislative body; approval or rejection by legislative body; procedures; submission of adopted master plan to certain entities.
Sec. 43.

(1) Before approving a proposed master plan, a planning commission shall hold not less than 1 public hearing on the proposed master plan. The hearing shall be held after the expiration of the deadline for comment under section 41(3). The planning commission shall give notice of the time and place of the public hearing not less than 15 days before the hearing by publication in a newspaper of general circulation within the local unit of government. The planning commission shall also submit notice of the public hearing in the manner provided in section 39(3) to each entity described in section 39(2). This notice may accompany the proposed master plan submitted under section 41.

(2) The approval of the proposed master plan shall be by resolution of the planning commission carried by the affirmative votes of not less than 2/3 of the members of a city or village planning commission or not less than a majority of the members of a township or county planning commission. The resolution shall refer expressly to the maps and descriptive and other matter intended by the planning commission to form the master plan. A statement recording the planning commission's approval of the master plan, signed by the chairperson or secretary of the planning commission, shall be included on the inside of the front or back cover of the master plan and, if the future land use map is a separate document from the text of the master plan, on the future land use map. Following approval of the

proposed master plan by the planning commission, the secretary of the planning commission shall submit a copy of the master plan to the legislative body.

 (3) Approval of the proposed master plan by the planning commission under subsection (2) is the final step for adoption of the master plan, unless the legislative body by resolution has asserted the right to approve or reject the master plan. In that case, after approval of the proposed master plan by the planning commission, the legislative body shall approve or reject the proposed master plan. A statement recording the legislative body's approval of the master plan, signed by the clerk of the legislative body, shall be included on the inside of the front or back cover of the master plan and, if the future land use map is a separate document from the text of the master plan, on the future land use map.

(4) If the legislative body rejects the proposed master plan, the legislative body shall submit to the planning commission a statement of its objections to the proposed master plan. The planning commission shall consider the legislative body's objections and revise the proposed master plan so as to address those objections. The procedures provided in subsections (1) to (3) and this subsection shall be repeated until the legislative body approves the proposed master plan.

(5) Upon final adoption of the master plan, the secretary of the planning commission shall submit, in the manner provided in section 39(3), copies of the adopted master plan to the same entities to which copies of the proposed master plan were required to be submitted under section 41(2).

RE: Introduction of Draft Ordinance – Prohibited Vegetation (Repeal and Replace of Chapter 16, Article VI)

DATE: March 6, 2026

BACKGROUND

On February 9, 2026, I began serving as the City’s Zoning Administrator. At that time, a draft amendment to Chapter 16 – Environment, Article VI was under consideration. Following a comprehensive review of the existing ordinance and prior draft language, staff determined that a repeal-and-replace approach would provide greater clarity, consistency, and long-term enforceability than incremental amendments to the current structure.

The existing ordinance contains language and formatting that may create ambiguity for residents and challenges for consistent enforcement. The proposed ordinance, retitled **“Prohibited Vegetation,”** has been reorganized and revised to:

- Establish clear and objective compliance standards;
- Improve readability and accessibility for residents;
- Provide a transparent and consistent enforcement framework; and
- Align regulatory language with current best practices observed in similarly situated communities.

The draft ordinance was presented to the Planning Commission on March 5, 2026, for review and recommendation. The Planning Commission recommended approval of the Prohibited Vegetation Ordinance with the understanding the it maybe modified as a result of legal review and additional clarifying language.

The proposed ordinance is currently under review by Attorney Revore.

STAFF RECOMMENDATION:

Staff recommends that the City Council repeal Chapter 16, Article VI – Noxious Weeds and replace it with the proposed ordinance titled **“Prohibited Vegetation.”**

CITY COUNCIL ACTION REQUESTED

Introduce an ordinance at the March 9, 2026 meeting to repeal and replace Chapter 16, Article VI of the City Code, currently titled “Noxious Weeds,” with the revised ordinance titled “Prohibited Vegetation,” and set a public hearing followed by formal adoption for the March 23, 2026 meeting.

ARTICLE VI. NOXIOUS WEEDS¹

Sec. 16-452. Reserved.

Ord. No. 590, § 1, adopted Aug. 23, 2021, repealed former § 16-452, which pertained to appointment of commissioner; term of office, and derived from the 2002 Code § 124-6.

Sec. 16-453. Reserved.

Ord. No. 590, § 1, adopted Aug. 23, 2021, repealed former § 16-453, which pertained to duties of commissioner, and derived from the 2002 Code § 124-7.

Sec. 16-454. Responsibility of owner for removal; cost of removal by city to become lien.

Noxious weeds, as defined in section 28-54, shall be eradicated or cut by the owner of the land upon which the weeds are found growing. The city shall notify, by mail or by posting a notice on the premises, the owner of any land on which noxious weeds are found growing. The notice shall describe the provisions of this article to which there exists a violation. Failure to give such notice shall not, however, constitute a defense to any action to enforce the payment of any penalty provided for or debt created under this chapter. If the owner fails to correct the violation, the city shall enter upon the land to abate the violation and achieve compliance with the provisions of this article. Any expense incurred in the destruction or cutting of weeds shall be paid by the owner of the land, and the city shall have a lien against the land for the amount of the expense, which lien shall be enforced in the manner now provided by law for the enforcement of mechanics' liens. The city may cut or eradicate weeds as many times as is necessary to achieve compliance with the provisions of this article and charge the cost to the property owner.

- (a) The provisions of this chapter shall not apply to:
- (1) Weeds in fields devoted to growing any small grain crops, whether actively being farmed or in a fallow state, such as wheat, oats, barley, or rye.
 - (2) Stormwater retention and detention facilities developed in accordance with an approved site plan.
 - (3) Areas adjacent to and within a reasonable distance from rivers, creeks, ponds, and other open waterways.
 - (4) Steep slopes subject to erosion.
 - (5) Parcels used for public parks.
 - (6) Underdeveloped parcels owned by a governmental agency.
 - (7) Mature wooded areas.
- (b) Underdeveloped parcels of land that are at least one acre in size and/or directly adjoin a natural waterway, railroad right-of-way, maturely wooded area, undeveloped area or field for growing crops, whether actively being farmed or in a fallow state are only required to be maintained in compliance with this chapter to a depth of 20 feet, beginning from the edge of the street(s) upon which the parcel is located or to an existing wooded area, whichever is lesser.
- (c) The City Manager, or his or her designee, may grant exemption in certain areas, for the control of erosion, the protection of urban forestry, the preservation of community character, and flora or fauna.

City of Grand Ledge Ordinance #_____

An Ordinance Repealing City Code, Chapter 16 – Environment, Article VI – Noxious Weeds and Replacing it with Article VI – Prohibited Vegetation.

The City of Grand Ledge Ordains:

Section 1. Change. The City Code, Chapter 16 – Environment, Article VI – Noxious Weeds, is repealed and replaced with Article VI – Prohibited Vegetation, as follows:

Purpose.

The purpose of this ordinance is to protect public health, safety, and neighborhood appearance by regulating overgrown or harmful vegetation. Overgrown, unmanaged, or invasive vegetation can create fire hazards, obstruct sidewalks and sightlines, contribute to pest harborage, impair drainage, and create conditions associated with neighborhood blight and property deterioration. Such conditions negatively impact surrounding properties and are detrimental to public health, safety, and general welfare.

The authority to regulate Noxious Weeds and vegetation deemed to be Noxious Weeds is provided by PA 359 of 1941, as amended.

Prohibited Vegetation Definition.

Prohibited Vegetation means any plant growth that meets one or more of the following:

- (1) Grass, flowering and nonflowering weeds, including but not limited to: dandelion, annual ragweed, pokeweed, giant foxtail, lambsquarters, goldenrod, burdock, scrub vegetation (nuisance woody plants or shrubs), or similar vegetation over ten (10) inches in height.
- (2) Any plant listed as a noxious weed under the Michigan Seed Law (Act 329 of 1965) and regulations, and the Noxious Weeds law (Act 359 of 1941), as amended.
- (3) Any vegetation that is dead, diseased, invasive, or harmful to public health or safety.
- (4) Any vegetation that obstructs sidewalks, streets, traffic visibility, or drainage.

Applicability.

This Article regulates prohibited vegetation as defined herein. Trees are not regulated under this Article and shall be subject to Grand Ledge City Code Chapter 16, Article V, Division 2.

Nuisance Declared.

Vegetation that meets the definition of Prohibited Vegetation under this Article constitutes a public nuisance. It shall be unlawful for any owner, occupant, or person in control of property to permit Prohibited Vegetation to grow or remain on such property.

Notice of Violation.

If Prohibited Vegetation exists, the City Manager or their authorized designee shall issue a written Notice of Violation to the property owner, occupant, or person in control of the property.

The notice may be delivered by one or more of the following methods:

- (1) First-class mail to the owner of record.
- (2) Posting the notice on the property.
- (3) Personal service.

The Notice of Violation shall include:

- (1) A description of the violation.
- (2) The required corrective action.
- (3) The deadline for compliance.
- (4) A statement that failure to comply may result in city abatement.

Failure to receive or accept notice does not prevent enforcement if the city has made reasonable efforts to provide notice.

Time to Correct.

The owner, occupant, or person in control of the property shall correct the violation within three (3) business days after the date of notice.

If the City Manager or their authorized designee determines that Prohibited Vegetation creates an immediate hazard to public safety, such as obstructing traffic visibility, blocking sidewalks, creating fire risk, or harboring dangerous conditions, the city may require correction within a shorter time or may immediately abate the violation without further notice.

City Abatement; Costs.

If the violation is not corrected within the timeframe specified in the Notice of Violation, the City Manager or their authorized designee may enter upon the property and remove or otherwise abate the Prohibited Vegetation to protect the public health, safety, and welfare.

All costs incurred by the city in connection with the abatement, including administrative expenses as established by the city's adopted fee schedule, shall be the responsibility of the property owner. The city shall provide written notice to the property owner of the total costs incurred and shall demand payment within thirty (30) days of the date of such notice.

If the costs are not paid in full within thirty (30) days, the unpaid amount shall be placed on the tax rolls as a lien against the property involved and collected in the same manner provided for collection of real property taxes, plus interest as provided for delinquent property taxes.

Exceptions.

- (1) The provisions of this Article shall not apply to:
 - (a) Land actively devoted to agricultural use or maintained in a fallow state as part of a bona fide agricultural operation.
 - (b) Stormwater detention or retention facilities constructed and maintained in accordance with an approved site plan or applicable engineering standards.
 - (c) Mature wooded areas.
 - (d) Public parks.
 - (e) Areas adjacent to or within natural waterways, including rivers, streams, creeks, ponds, and wetlands.
 - (f) Steep slopes or protected natural areas where vegetation is necessary to prevent erosion.
 - (g) Trees, which are regulated separately under Grand Ledge City Code Chapter 16, Article V, Division 2.
- (2) Underdeveloped parcels of land that are at least one acre in size and/or directly adjoin a natural waterway, railroad right-of-way, mature wooded area, undeveloped area, or field for growing crops, whether actively being farmed or in a fallow state are only required to be maintained in compliance with this chapter to a depth of twenty (20) feet, beginning from the edge of the street(s) upon which the parcel is located or to an existing wooded area, whichever is lesser.
- (3) In addition to the foregoing exemptions, the City Manager or their designee may grant a written exemption from the requirements of this Article for specific areas where such exemption is necessary for erosion control, protection of urban forestry, preservation of community character, or the protection of native flora or fauna.

Section 2. Severability. The provisions of this ordinance are severable, and if any section, sub-section, paragraph, sentence, clause, phrase or portion of this ordinance is, for any reason, held invalid or unconstitutional by a court of competent jurisdiction, such decision shall not affect the validity of all remaining sections, sub-sections, paragraphs, sentences, clauses, phrases or portions of this ordinance.

Section 3. Section Headings. The section headings used in this ordinance are for convenience only and are not a part of this ordinance.

Section 4. Effective Date. This ordinance shall take effect seven days after it has been adopted by the City Council.
