

JAYCEE PARK PLAYGROUND

Inclusive, accessible, community play!

TAKE A CLOSER LOOK: AMENITIES IN DETAIL

- Realistic "Sandstone" climbing rock

The sandstone boulder offers graduated challenges for children ages 5-12 as they ascend to a height of 5 feet. The molded detail gives the boulder a truly organic feel that will complement naturalized play spaces. The surface and coloring of the rock mimics the historic 80' sandstone ledges cliffs for which Grand Ledge is named.

*Accessibility matters,
inclusivity
 makes an impact!*
